# 1 Summary of Performance

## 1.A Introduction

Zamfara State is largely rural and agrarian with scattered farming settlements and cattle breeders. The overall employment structure indicates that, about Eighty percent (80%) of the populace are engaged in Agriculture. Nine percent (9%) of the populace are engaged in petty and small-scale trading, while Seven percent (7%) are civil servant and the remaining Four percent (4%) engaged in other occupations.

The State Government has four main sources of revenue. These include Statutory Allocation from Federation Account, Value Added Tax (VAT), Capital Receipts from various sources and Internally Generated Revenue (IGR). The statutory allocation is the State Government's share of the Federation Account, and it includes other Federal Government Grants. The Capital receipts has been accruing from statutory transfers, loans (both internal and external), grants from Federal Government, ADB/World Bank and other Development Partners, loan repayments to government and receipt from stabilization account, as well as proceeds from sales of other Government assets.

The Internally generated revenue includes taxes (personal income, capital gains, etc.), fees and fines, licenses, earnings and sales, rent on government properties, interest repayment and dividends, reimbursement from Federal Government on pensions and gratuities etc. For about 8 years now, the internally generated revenue suffered tremendously due to effect of insecurity in the state.

Zamfara State has the potential to be a net producer of food crops, mineral and industrial items. Indeed, a net exporter of cash crops such as cotton, groundnut, rice and cassava. Its human resources, vast arable land and huge irrigation facility positions the State to be economically vibrant. The availability of mineral deposit if well harnessed and resources productively employed could not only generate increased internally sourced revenue but also create necessary conditions for increase in employment, which will ultimately increase the state GDP.

This Budget Performance Report for Zamfara State is prepared quarterly and issued within 4 weeks from the end of each quarter.

This report includes the original approved budget for the year 2023 against each organizational unit for each of the core economic classification of expenditures (Personnel, Overheads, Capital, and Others); the actual expenditures for the quarter 1, attributed to each organizational unit, as well as the cumulative expenditures for year to date, and balances against each of the revenue and expenditure appropriations.

This Q1 report is assessed against the 2023 Original budget.

The core economic classifications refer to:

- Personnel – Economic Sub-Account Type 21
- Overheads - Economic Account Class 2202
- Capital - Economic Sub-Account Type 23
- Others - Economic Account Classes 2203-2209 as applicable

This Budget Performance Report is produced by the Ministry of Budget & Economic Planning, Office of the Accountant General and Ministry of Finance and published on the Ministry of Budget and Office of the Accountant General website.

## 1.B Revenue Performance

Basically there are two main sources of revenue for the state. The External revenue and internally generated revenue. The External revenues usually comes from Federation Account which comprises i.e. Statutory Allocation, Value Added Tax (TAX), Exchange gain, Excess crude Oil etc. These Funds was basically received from federation account which was shared to states base on formula by Revenue Mobilization and Fiscal Commission as contain by the constitution of the Federal Republic of Nigeria.

The internally Generated Revenue is an independent revenue generated by the state through the implementation of enacted Law of the state House of Assembly.

### External Revenue Performance

The Revenue projection for the year 2023 was estimated to *One Hundred and Five Billion Five Hundred and Thirty Seven Million Eighth Hundred Eighty Nine Thousand Four Hundred Naira Only (₦105,537,889,400.00)* this projection was made as part of expected revenue from federation account as FAAC share

The amount received during the First Quarter of the year, from January – March 2023 was **Eighteen Billion Six Hundred Seventy Seven Million Two Hundred and Thirty Thousand Sixty Four Naira Seventy Nine kobo Only (₦18,677,230,064.79)** which represent **23.8%** of the projected revenue of the fiscal Year. The External Revenue for this quarter is not forth coming because the major source of revenue from crude oil was not distributed by Revenue Mobilization allocation and Fiscal Commission.

### Internally Generated Revenue

The Total projection for the internally Generated revenue which is also part of the recurrent revenue is to the tune of *Twenty Five Billion Five Hundred and Fourty Seven Million Six Hundred Thousand Four Hundred Naira Only (₦25,547,600.400)* for the 2023 fiscal year.

However, the First Quarter of the year from January – March 2023 was the tune *Four Billion Two Hundred and Eighty Two Million One Hundred Ninety Three Thousand Five Hundred and Twenty Five Naira Only (₦4,282,193,525.00)* which represent **16.8%** of the projection for this fiscal year 2023. The Board of Internal was Directed to implement the amended revenue law for effective and efficient revenue mobilization for the State.

## 1.C Recurrent Expenditure Performance

Recurrent Expenditures consist of all expenses government incurred in day to day running of the system; ranging from payment of staff salaries & allowances, office overhead expenses, pension & gratuity, as well as servicing of both internal & external loans. It is a usual practice that, recurrent revenues are most times higher than the recurrent need of the state, therefore, excess recurrent revenue are transferred to capital development fund.

Total monies available for recurrent expenditure by the end of quarter 1 stood as **₦22.959 billion** or **21.8%** of the recurrent revenue budgeted for the fiscal year 2023. However, actual expenditures at the end of quarter 1 was **₦19.984 billion** representing **19.1%** of total estimated expenditures for the FY. This gave the sum of **₦1.883 billion** excess recurrent revenue transferred for capital development projects and programmes.

Out of the stated expenditures, the sum of N6.1 billion was spent on the payment of salaries and allowances, which represent 20% of the total money projected for the payment of salaries and allowances in the FY 2023. Also, the sum of N13.884 billion was spent on the overhead cost, this represents 18.7% of budgeted amount for the Overhead Cost for 2022.

During the Q1, about 50.7% of the total money allocated for the debt servicing was utilized. This is due to the fact that most of the loans government took will elapses before the end of this administration and therefore the second half of the year will have less amount to be spent as loan repayment unless if the incoming administration decided to take fresh loans, which must also go through appropriation process.

Details is contained in the table on 3D.

## 1.E Conclusions

In spite the effect of economic downturn and current security challenges in the state, Zamfara State Government is still committed to provide socio-economic benefit to its citizenry. Government has recently fashioned out its policy trust, viz.:

- Creating sustainable development in urban and rural areas through the construction of accessible road network, achievement of universal basic education, improvement of healthcare facilities to reduce diseases and mortality, and provision of basic social services including potable water, electricity, affordable housing etc.
- Re-defining of government's role in the economy by privatizing/commercializing state-owned companies and changing the value and cultural system towards entrepreneurship.
- Ensuring good governance by carrying out budgetary and public finance reforms, promotion of transparency and accountability in governance (Due process) as well as provision of security for lives and properties.
- Establishment of small and medium scale agro-allied industries geared to provide job opportunities and act as catalyst for the growth of the agricultural sector, harmonising of mining activities in the state and invite private investors to participate especially in iron and gold. In conjunction with other developmental sub-sectors, raise the living standard of rural farmers through coordinated program of provision of social and economic infrastructure such as roads, portable water supply, electricity, health care and education.
